Dangers of a Cold

Bennington People will Do Well to Heed Them

Many bad cases of kidney trouble result from a cold or a chill. Congested kidneys fall behind in filtering the poison-laden blood and backache, headache, dizziness and disordered kidney action follow. Don't neglect a cold. Use Doan's Kidney Pills at the first sign of kidney trouble. Follow this Bennington resi-

dent's example: H. C. Taylor, R. F. D. No. 3, Bennington, says: "For some time I had soreness in my back and a dull pain across my kidneys, which was particularly severe when I stooped or exerted myself. I did not rest well and whenever I caught cold it settled in my kidneys, making the trouble more severe. Doan's Kidney Pills acted directly on my kidneys and oon removed the lameness in my back and made me feel better in every way."

At a later date, Mr. Taylor said: "I willingly confirm all that I have said about Doan's Kidney Pills, I still

think highly of them." Price 50e at all dealers. Don't simply ask for a kidney remedy-get Doan's Kidney Pills-the same that

IRISHMEN EXPELLED

Said to Have Been Making Campaign Against Recruiting.

London, July 16 .- The Government has ordered three members of the Sinn Fein-Broost Blythe of Ennistimon, William Mallows of Athenry and H. J. Pim of Belfast to leave Ireland. The immediate cause of their expulsion is believed to be the campaign which they have been conducting from public platforms against war and recruiting.

All of the trio were active in the Sinn Fein section of volunteers that broke away and opposed the followers of John E. Redmond, the leader of the Irish Nationalists in the House of Commons. Pim has written several books under the name of A. Newman.

MYSTERIOUS DEATH

North Troy, Vt., Young Man Drank Wintergreen Essence.

North Troy, July 17 .- In the case of the sudden and mysterious death of Earle Impey, who died Monday, July 5, at the home of John Donegan where he stopped when taken violent ly ill, report has fust been received from the State laboratory upon the chemical analysis of those portions of the remains taken from here by Dr. B. H. Stone, State pathologist.

Death is found to be due to the toxic effect of wintergreen essence. After drinking what is supposed to thave been a small quantity of some kind of liquor which he obtained at a ertain place here, he proceeded to a store and obtained a few ounces of wintergreen essence. From its strength and the quantity he drank he got something over 50 minims, or nearly a teaspoonful, of clear win-

tergreen itself. Although no wood alcohol was found, it seems as if there was some peculiar fault with the stuff he drank before he obtained the wintergreen. for some instances of sickness developed with others who are supposed to have drunk some of that same liquor. No arrests have been made, but it is understood that warrants are out and the persons desired cannot be found at present.
